How you can support learning at home and at school

- Read every night. As you read, ask your child:
 - What do you think will happen next? (Literal meaning)
 - What does the author mean by that? (Inferred meaning)
- Practise times table fluency at home.
- Familiarity with coins and notes. If possible, ask your child to pay for small items. Ask your child to work out how much the items will cost, and if they received the correct change.
